Sierra College is committed to ensuring that the ultimate focus of all its activities is a rich, diverse, and accessible education as described in the Mission Statement.

MISSION STATEMENT
Sierra College provides an academic environment that is challenging and supportive for students of diverse backgrounds, needs, abilities, and goals with a focus on access, equity, student-centered learning, and achievement. The college is committed to practicing diversity and inclusion, and recognizes that a diverse and inclusive curriculum and workforce promotes its educational goals and values. Institutional learning outcomes guide the college’s programs and services, encouraging students to identify and expand their potential by developing knowledge, skills, and values to be fully engaged and contributing members of the global community. Sierra prepares students by offering Associate’s and transfer degrees, certificates, career and technical education, foundational skills, as well as lifelong learning and enrichment.

VISION STATEMENT
We will challenge ourselves and our community to become fulfilled citizens in a global environment by contributing to and engaging in the thoughtful application of knowledge guided by respect for others and the world in which we live.

Further, to maintain this vision throughout all the communities served by Sierra College, the Board of Trustees reaffirms as its philosophy that Sierra College should remain one college, with multiple campuses (or centers), distributed throughout the District. Every effort will be made to carry out this philosophy.

To promote the mission of the College and its philosophy, the Board of Trustees adopts its vision, “Sierra College 2020” embodied in the following philosophy and goals.
