Students shall be classified at the time of each application for admission as a resident or nonresident student.

A resident is any person who has been a bona fide resident of California for at least one year on the residence determination date. The residence determination date shall be the day immediately preceding the first day of a semester or the summer term for which the student plans to attend.

Residence classification shall be made for each student at the time the application for admission is accepted and whenever a student has not been in attendance for more than one semester. A student previously classified as a non-resident may be reclassified for any term which he or she proposed to attend. A residence determination date is the day immediately preceding the opening day of instruction for any semester, during which the student proposes to attend.

The Admissions Officer shall enact procedures to assure that residence determinations are made in accordance with Education Code and Title 5 regulations.
