The District Superintendent/President is authorized to operate and maintain a residence hall facility for full-time students.

The College is authorized to collect such security and holding deposits as may be deemed prudent, and shall manage and operate the dormitories in a fair and efficient manner. Students who are excluded from the dormitory for disciplinary reasons shall have every right accorded other students, based upon the rules and regulations of this District and the laws of the state.

Administrative procedures shall be developed and published stating payment options, admission procedures, priorities and requirements that apply to dormitory residents. The Board of Trustees shall determine the rate for dormitory residents.

The District Superintendent/President is also authorized to maintain a Summer Conference Program through the Housing Department. Administrative procedures shall be developed and published stating the operational guidelines for these programs.

See Administrative Procedure 5580.
