

# Adapted for Success

As the environment changes organisms have to adapt to their surroundings in order to survive.

**ACTIVITY:** For each of the types of adaptations listed below, locate one organism that has it. Write the name of the organism next to the adaptation and describe what they use it for.

	<i>name</i>	<i>adaptation use</i>
Claws		
Flat Teeth		
Sharp Teeth		
Webbed Feet		
Feathers		
Leaves		

---

Think about some of the ways that you are well adapted to the environment you live in. How do those adaptations help you to survive?
