

Take a walk outside

Take a stroll, saunter or a hike outside, in your backyard or, with an adult, in your neighborhood or park.

ACTIVITY: Draw a scene below of some of the things that you saw outside. Good naturalists are good observers of nature.

my nature picture!

Is there anything about nature that you really want to learn more about? Ask an adult you know to take you to the library and check out a book about it. If you can't find a book, ask the librarian and they can help!
