

## ASSOCIATED STUDENTS OF SIERRA COLLEGE

### Voter Guide – Nevada County Campus: Spring 2021 General Elections

#### Student Trustee/ASSC President: Ruby Chavez DeChavez

Hello everyone,

I'm Ruby DeChavez, and I am running for President/Student Trustee. Like every student, I was affected by COVID-19 and had to take online classes in my second semester. During the fall 2020 semester I decided to join Student Senate and learned the importance of the student's voice, your voice, in important matters and decisions, something I always try promoting whenever I post online. Unfortunately, being online has limited the student's ability to reach out to us vice versa.

Even though it's been hard, I remained one of the few members in the Senate to help continue to serve your interests the best I could, but I need your help in electing me so I could serve you better.

As President/Student Trustee I want to help advocate to prioritize programs and resources that would better improve the student mental health crisis that has been worsening. I also want to help prioritize student's financial aid assistance, there are many scholarship opportunities that are never taken up for reasons including not knowing or not feeling qualified enough, I want to help fix that.

Thank you for your time in reading this and I wish you all a better year.

#### Student Senator-NCC (Write-in Candidate): Maggie Aguilar

I will be sure to represent my fellow constituents as much as possible. I plan on showing up to meetings and making well-thought-out decisions for the Sierra College student body. I will maintain a positive attitude and be there to hear out my classmates. I have been in student leadership positions for 6 years + (serving on trustees, student government, and community programs).
