</table>
| What does the department think it can do to improve teaching and learning? | 1. Better optimized course offerings (number, time)  
2. Additional facilities (new building)  
3. Install better technology (computer and engineering machines) |

What help or resources are needed from the college to improve teaching and learning?  
Excellent managerial support. The BIG need is financial. The engineering department is shamefully underfunded. The engineering budget must be increased substantially to rectify this.

What are top priorities for improvement?  
1. Increasing Engineering Department Budget  
2. Nothing else matters

How will department implement those priorities?  
The engineering department will justify and document the need through the proper channels (ePAR).

Provide timeline.  
Ongoing – EPAR=annual requests.
