

Student Union Modernization / Expansion Phase 1 Kitchen Renovation

Project Summary

Project Scope: The first phase of this two-phase project provided a much needed update to the cafeteria kitchen and serving area. All kitchen plumbing and wiring were updated, air handling units were replaced to improve energy efficiency, and a generator was added to support refrigerators/freezers in case of loss of power. The second project phase will combine, renovate, and update the current cafeteria, dining room, bookstore, and student engagement centers into a student union that will be designed to support the Facilities Master Plan build-out goal of 22,500 students.
