

California Scavenger Hunt

The Sierra College Natural History Museum is home to many of the things designated to be special by the State of California.

ACTIVITY: Take a look at the list below. Write the name of the item next to its designation. Then, see if you can do a quick sketch of each item!

State Mammal

State Tree

State Marine Mammal

State Fossil

State Bird

State Rock

State Insect

State Mineral

Choose one of these items to learn more about. Why was that item selected to represent the State? What is the natural history of that item?
