Student Trustee/ASSC President Candidates

Candidate: Vicente (Ben) Rosario

After serving as the Director of Finance, I have enough experience in our Student Senate to believe I would be a productive and effective Student Trustee. During my time on Student Senate, I have written numerous bills, such as funding for multiple clubs to host events and trips, a bill for students to receive funding after being affected by a fire in the dorms, and also a bill to introduce free menstrual products in the gender-neutral and women's bathrooms. If you vote for me as Student Trustee, I would be able to leverage this experience to make sure that students' concerns and interests are properly represented at the highest levels of the college. As Student Trustee, I plan on introducing new services for students, such as free printing on campus, as well as working to ensure that Sacramento County students can also obtain free bus rides through their student ID. I would also work to ensure that students can easily meet with me to ask questions or bring up ideas or concerns. Thank you for taking the time to read my campaign essay, and I hope that I have shown you why I am the best candidate.

NCC Vice President

Candidate: Laura Murphy

One of the most important things about going to college is knowing that support is there when it is needed. My mission as a part of Student Senate at Sierra College is ensure that all students are aware of their resources, are properly supported both academically and emotionally, and that I do my part to prioritize equal opportunity for all students to pursue a higher education. As a full-time student who is also a parent to a school age child, I have a deep appreciation for all circumstances and student backgrounds. I am here to listen, to be considerate, to advocate, and to help create solutions while also maintaining successful processes, that promote general cohesiveness, safety, and health of the entire student body. I currently hold the President position of NCC Environmentally Concerned Organization of Students (ECOS Club) and the Vice President position of NCC ASSC and it is an honor to be a part of Campus Clubs as well as Student Senate. I aim to be a friendly and outgoing representative for all students, and I will do whatever it takes to make sure that all student needs are being met. Thank you for your consideration.
