

District and CTA/SCFA Reach Impasse in Negotiations

On October 8, CTA/SCFA filed a declaration of impasse with the California Public Employment Relations Board (PERB) in its reopener bargaining with the District for FY 2024-25. The District also had planned to file its own declaration of impasse but did not do so due to an accelerated review process by PERB.

Although the District did not file its own declaration, it communicated to PERB that it agrees with CTA/SCFA that the parties have reached impasse and could benefit from the assistance of a neutral, state-appointed mediator in reaching a negotiated agreement.

PERB issued an impasse certification on October 9, 2025 and will appoint a mediator.

[PERB's certification of impasse can be read here.](#)
