Grants

Date Adopted:	9/7/2004
Date Revised:	10/2/2020
Date Reviewed:	10/2/2020
References:	Education Code Section 70902

Applications for grants will be made with Federal, State and private agencies when the content of these applications extends the resources available to the District in support of the purposes and long-range plans of the District, its divisions or departments. Funds sought may be utilized for equipment, materials, in-service education, travel, research and development, facilities, instructional innovations, student and staff assistants, financial aid or other provisions as authorized in the grant. Grant applications which require matching funds will be submitted insofar as matching funds are identifiable within the budgeted resources of the District. All new, continuing, or renewing grant applications will be scrutinized by the appropriate area manager(s) and require approval of the Superintendent/President or designee.

See Board Policy 3280.
