The Superintendent/President is authorized to establish, through the shared governance process, prerequisites, corequisites, and advisories, on recommended preparation for courses in the curriculum. All such prerequisites, corequisites, and advisories, shall be established in accordance with the standards established in Title 5. Any prerequisites, corequisites, or advisories, shall be necessary and appropriate for achieving the purpose for which they are established. The procedures shall include a way in which a prerequisite or corequisite may be challenged by a student on grounds permitted by law. Prerequisites, corequisites, and advisories, shall be identified in District publications available to students.

To accomplish the above, the Board of Trustees adopts the “Chancellor’s Office model district policy for establishing, reviewing, and challenging prerequisites, corequisites and advisories on recommended preparation and certain limitations on enrollment.”
